HOPES ARE REALIZED.

Advocates of Civil Service Reform Are Satisfied.

IS AN ECONOMIC MEASURE.

Quite a Large Number of Unnecessary Positions Have Been Brought to Light and Promptly Abandoned.

Washington, Feb. 14.—The annual report of the civil service commission for the fiscal year ended June 30, 1897, has been presented to the president.

It begins with a statement to show that after an experience of nearly 15 years, the hopes of the advocates of the civil service law have been largely realized.

In practice, the law has proved to be a constantly exerted and effective force in the direction of economy.

Considering the few changes in the service under the merit system and the wholesale removals under the patronage system, the economy and efficiency of the one stand in striking contrast to the excessive extravagance and inefficiency of the other.

Since 1883, the year of the organization of the commission, the unclassified positions which have been subject to political control have increased in number 37 per cent, and in cost 43 per cent, while the classified positions subject to examinations have remained at a standstill.

The large extension of civil service rules in May, 1896, to include positions hitherto unclassified, has, the report says, brought to light a number of unnecessary positions. Quite a number of these have been abolished as a measure of economy.

The whole number of persons examined during the year was 49,145, of whom 28,593 passed.

The number of appointments were 4,136. The commission, the report says, has been steadily making its examinations more practical.

Numerous complaints have been made of violation of the rules of civil service in the treasury department, the department of justice and the interior department.

In each case examinations have been made by representatives of the commission, and such cases as appeared to be violations of the law were referred to the department to which it belonged. In each case the commission has not yet received a reply.

The report speaks highly of the promotion system, based on the efficiency record. On the other hand the commission deprecated the proposition of limited tenure of government office, pointing out that it would not only impair the efficiency of service, but open the door for political influence.

CONGRESSIONAL FORECASTS.

What Each Branch Will Probably Do During the Week.

Washington, Feb. 14.—The Hawaiian annexation treaty will receive the greater part of the senate's attention during the present week. The friends of the treaty have succeeded in securing quite general assent from senators in charge of other measures that the treaty shall be given practical right of way until the senators who want to speak upon it can be heard, and until a vote can be secured which practically will decide its fate.

The Corbett case has right of way, but the probabilities are that an arrangement will be made early in the week whereby a time will be fixed for voting on the Corbett case, and then the consideration of the treaty will be allowed to proceed without material interruptions.

It now looks as if the fortification appropriation bill would not be considered this week.

In the House. Washington, Feb. 14.—The house will on Wednesday enter upon the consideration of the bankruptcy bill which the majority of the judiciary committee has reported as a substitute for the Nelson bill, passed by the senate at the extra session last summer.

Under the order made the bill is to be debated on Wednesday, Thursday and Saturday of this week, and then upon Monday of next week at 4 o'clock.

The substitute, which the minority contend practically is the old Torrey bill, including both the voluntary and involuntary features, will be opposed by the United Democratic and Populist opposition, but if there is no appreciable defection from the ranks of the majority the measure will pass.

The Democrats and Populists are both favorable to the passage of a voluntary bankruptcy bill, but have always vigorously opposed the Torrey and other bills including an involuntary feature, claiming that its purpose is practically to create a law for the collection of debts.

OFF FOR CUBA.

A Large Expedition Escaped From the Slave at Tampa.

Tampa, Fla., Feb. 14.—Almost under the nose of Edward Gaylor, superintendent of Pinkerton's Spanish spies, a large Cuban expedition left Tampa. The men, about 70 in number, walked through the streets of Tampa about 2 a. m. and boarded a special train, which quickly bore them to a point near where they were to embark, and there they remained in hiding until night, when a tug took them out to the steamer which bore them away to Cuba, Colonel Emilio Nunez being in charge of the steamer.

It is said General Sanguily is the real commander and color is given this rumor by the fact that when the men left here they were in charge of Colonel Luchuga, who was first lieutenant on the personal staff selected by Sanguily when he failed to get away from Jacksonville.

Superintendent Gaylor, his son and another Pinkerton man have been here looking for Sanguily, they believing he was somewhere near. It is alleged that the Cubans have sent Sanguily away on this trip to get rid of him in the United States.

The detectives are totally ignorant of the departure of this expedition. It is understood that 5,000 rifles, 6,000 pounds of dynamite, 200,000 rounds of cartridges and a large lot of supplies made up the cargo.

Negotiating With China.

Pekin, Feb. 14.—England is negotiating with China to open Yuen-Chau-Fu, in the province of Hu-Nan, as a trading port and is negotiating also on the subject of the navigation of inland waters. The Chinese government has paid the agreed indemnity of £4,000 (\$20,000) to M. Laiduet, the Frenchman kidnaped by Tonquin pirates in 1895.

Three Criminals Hanged.

Hongkong, Feb. 14.—Three Chinese were hanged simultaneously in the Victoria jail at Hongkong on Jan. 12, the drop being made to accommodate all three and the trio falling together. The executed men were members of an armed gang of shop thieves, and in raiding a store killed a Chinese employee. The criminals were disbanded soldiers.

The Pilgrims Present.

Rome, Feb. 14.—The pope celebrated mass in the Basilica in the presence of a congregation of pilgrims from all parts of the country, in honor of past and coming anniversaries jointly of his first mass, his election and coronation. His holiness was borne to the church in the Sedia Gestoria and an elaborate ceremony was observed.

A Ghost That Will Not Down.

Barcelona, Feb. 14.—Thirty thousand people, mostly workmen and orderly, demonstrated here against the torture of the anarchists at Montjuich fortress. Resolutions of protest and demanding the punishment of the torturers and a revision of the trial were adopted, and will be forwarded to the government.

Don't Like Europeans.

Hongkong, Feb. 14.—The Hongkong Telegraph says that continual trouble is being reported from vessels manned by Japanese crews, the Japanese representing any instructions or surveillance from European officers, and reserving an especial grudge for European passengers.

MURDERED HIS COUSIN

Because the Latter Was Working For Good Wages.

POLICE WERE KEPT AT BAY,

And Finally the Murderer Slipped Out the Back Way and Made His Escape, but He Is Being Hunted Vigorously.

Elmwood, Pa., Feb. 14.—A cold-blooded murder was perpetrated here. Andrew Krisen, the murdered man, and Andrew Kubin, the murderer, were cousins and lived side by side on what is called Chicken Coop hill.

For a long time the two men have been employed in the Peerless glass works. It is said Krubin was jealous of Krisen and threatened to kill him because the latter had secured work at the Westinghouse plant in Pittsburgh at higher wages.

When Krisen returned home he found Krubin there drinking beer. After a few words Krubin drew a revolver, placed it almost in Krisen's face and fired.

The bullet entered below the eye and came out of the back of the head, killing the victim instantly.

Krubin went to his home next door and kept the police and citizens at bay for some time with his revolver.

He finally made his escape through a back door and has not as yet been captured.

China Looks to England.

Shanghai, Feb. 14.—The Shanghai Recorder deplores any partition of China, which, it says, will certainly be unfavorable to missionary work, adding that it will be a sad thing, not only for China, but for all concerned, if the powers undertake such action, predicting that partition would be the beginning of unending strife and bloodshed. The Recorder calls upon Great Britain to interfere and say that China shall not be divided, but that she shall be reformed and saved, predicting that in such interference England would have the support of Japan and the active acquiescence of the United States.

Cartoon Bill Condemned.

Albany, Feb. 14.—At the meeting of the State Editorial association here the chief interest was in a speech made by E. H. Butler, editor of the Buffalo News, who, in speaking against the Ellsworth bill and cartoon bill, said: "The bill is a damnable outrage. It is the outgrowth of soured ambition and petty spite. No governor of New York state could sign such a bill and hope for a second term. I will say frankly that I would support a Democrat rather than a Republican governor who would sign this bill."

An Honest Pensioner.

Washington, Feb. 14.—Pension Commissioner Evans recently received from a pensioner in San Antonio, Tex., an express order for \$879. It was money which the sender believed he had not properly received, and animated by this feeling, had returned it to the government. Mr. Evans had an investigation made of the case and ascertained that the pensioner was honestly entitled to the money he was receiving; viz., \$12 per month for deafness, and directed the entire amount to be returned to him.

Trio of Counterfeeters.

West Superior, Wis., Feb. 14.—Three members of the gang of counterfeiters, who admitted they had been working Grand Rapids, Minn., and other towns for several years, have been transferred from Hibbing and held for trial in the sum of \$1,000 each. They gave the names of Jim Dan, alias Jim King, Mike Kinney and William O'Brien. They will be examined on Monday. On the person of one of them was found a recipe for making silver dollars.

Will Pay Government Claims.

St. Louis, Feb. 14.—There will be no postponement of the sale of the Kansas Pacific railway, set for Feb. 16, 17 and 18. Ex-Governor George Hoadly of New York, special counsel for the government in the Union Pacific cases, arrived in St. Louis Friday. An arrangement has been effected by which the Union Pacific reorganization committee will pay the principal of the government's lien in full.

Shot the Policeman.

Boston, Feb. 14.—A man who afterward gave his name as Peter Neilson, 23, was acting suspiciously on the street and was accosted by Policeman Walter G. Horn, who asked him his business. Without warning Neilson drew a pistol and fired at the policeman, shooting him in the back. Horn, who is not dangerously hurt, arrested Neilson.

RESTRAINING ORDER

Issued by a Federal Judge in a Railroad Matter.

Galveston, Feb. 14.—Judge David E. Bryant of the United States court has issued an order restraining the Gulf, Colorado and Santa Fe, International and Great Northern and Missouri, Kansas and Texas railways from putting into effect the notices they served on the Lone Star line, as a result of the New York conference, that they would, after Feb. 15, cancel all divisions with the Lone Star line and accept no freight from it without the prepayment of all charges.

Danger in Collecting Reindeer.

Alten, Norway, Feb. 14.—The expedition headed by the Rev. Sheldon Jackson and Lieutenant D. R. Devore of the United States has met with great difficulties. Mr. William A. Kjellmann, superintendent of the government reindeer herd in Alaska, who started ahead of Messrs. Jackson and Devore, has scoured the country with six assistants, sledging 3,000 miles through forests in Arctic night. Trained reindeers are scarce, and he had to pick up lots of three or four, which were eventually concentrated into six herds aggregating 500. Mr. Jackson said the travel necessary to collect the reindeer was more dangerous than traveling in the Chilcotin pass.

In Need of Funds.

Hazleton, Pa., Feb. 14.—John Nemeth, treasurer of the prosecuting committee, which supplied most of the funds for the prosecution of Sheriff Martin and his deputies, issued an appeal for financial aid. BATTLE OF THE BONESETTERS FOR RECOGNITION.

"The war that for a space did fail,
Now trebly thunders on the gate."

Mention was made in the Courier-Journal several weeks ago of the movement to establish a College of Osteopathy in Franklin, Ky., and that consequently the Board of Health would again attack the osteopaths. The attack has come,

says the same paper, in the form of a bill before the Legislature requiring the osteopaths to obtain certificates from the State Board of Health before they are allowed to practice. The osteopaths object to this most strenuously. They claim that, in the first place, it is not necessary for them to be medical graduates in order to practice osteopathy, and in the second place, that with their rivals, the doctors, to judge their competency they will always be pronounced incompetent.

They claim, further, that if osteopathy does good, as shown in the case of Judge Goodnight and others, it should be allowed full play, and that if the physicians of the Board of Health are to control the matter, it will not be long before the occupation of the masseur and the wet-nurse will be gone. But the osteopaths seem to have a strong position. They have established a sanatorium at Franklin, Ky.; they propose to establish a school of osteopathy in connection with it, and, after a while, will be entitled to representation upon that interesting bit of medical mosaic—the State Board of Health. If an allopath, and a homoeopath and an eclectic, why not an osteopath?

The Courier-Journal says that a large class of the population in and about Franklin are rank partisans of the new departure, and that an effort was made some months ago by the State Board of Health to indict the rising school. The Secretary of the Board, Dr. McCormack, went before the grand jury and told what he knew of osteopathy, and Judge Goodnight being introduced in rebuttal it was found that the Secretary's evidence and the Judge's failed to connect. Thereupon the Secretary was threatened with indictment for false swearing, and it was only upon urgent representations generously made by Judge Goodnight that the zealous Secretary escaped. Not to make fish of one and fowl of another, the jury declined to indict three negroes who were charged with the same offense. The fight is now on again at Frankfort.

The bill to prevent discrimination by common carriers in the delivery or receiving newspapers was passed unanimously.

THE BANK BILL.

State Institutions Must Accept the Provisions of the New Constitution If This Act Passes.

FRANKFORT, February 11.—A bill, wide and sweeping in its effect on the banking institutions of the State, and about which little has been said heretofore, was reported adversely to the House to-day by the Committee on Banks, but upon motion of its author, Chinn, of Mercer, it was advanced, and will come before that body for passage. The bill provides that the charter of all State banks granted since February 14, 1850, which do not accept the Constitution before July 1 next, shall stand repealed.

Only fifteen out of the 178 State banks have accepted the Constitution and are now paying State and local taxes as natural persons. The national banks do not question their liability for taxation to the same extent as the State banks. The adoption of this bill will leave nothing for the State banks, which have carried bank tax cases to the Supreme Court, to stand on.

On March 24, 1897, the Court of Appeals, through Judge Paynter, held the Hewitt law to be unconstitutional and that the banks must pay taxes the same as natural persons. From this decision a number of banks appealed, filing a petition in the Supreme Court to enjoin the State from carrying out the provision of the Constitution regarding bank taxes. The matter is still pending.

Thousands of dollars in taxes are tied up in this matter. It now looks as if the bill will become a law.

Marvelous Results.

From a letter written by Rev. J. G. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. JUDGE PUGH FOR GOVERNOR.

Senator Deboe Having a Hard Time With the Office Hunters.

[Enquirer.]

"Senator Deboe is having troubles of his own at Washington," said a prominent Kentucky Republican at the Gibson yesterday, who recently returned from the political seat of war at the National Capital, "and he has a haunted, hunted look that indicates that he is in mental worry. He is wholly unaccustomed to the pulling and hauling about of unfortunate and inconsiderate office seekers, and has found out that a seat in the United States Senate in these perilous times of innumerable applications for Federal appointments is not a prinnose path of alliance. Senator Deboe was disposed to fight the confirmation of R. D. Hill, of Williamsburg, who has been appointed District Attorney for Kentucky and who has not as yet been confirmed, but I think he will acquiesce. From what I could learn while in Washington I believe that Congressman Pugh, of the Ninth district, will seek the Republican nomination for Governor, which will of course directly clash with the aspirations and ambition of Colonel L. J. Crawford, of Newport, inasmuch as they are not geographically far apart."

ADDITIONAL HOMES PROVIDED

For Y. M. C. A. Delegates, But Accommodations For More Are Needed. Sunday's Rally.

Since the publication in Saturday's BULLETIN of the list of homes in Mayesville which will be thrown open to receive those who come to our city on Thursday as delegates to the State Y. M. C. A. convention, the following friends have also agreed to entertain at their homes or provide otherwise for the visitors: T. A. Davis, J. S. Burgess, J. E. Threlkeld, T. A. Keith, James M. Rains, J. O'Keefe, Mrs. Thomas Wells, G. A. Collins, George W. Crowell, Mrs. S. W. Piper, P. P. Parker.

Accommodations for at least thirty or forty more were needed this morning, and the committee sincerely hope that fully this number additional will be provided for previous to their last meeting which occurs this (Monday) evening at 7 o'clock in the association rooms.

Cash contributions of any amount toward the general expenses of the convention or for entertainment of delegates from those who cannot conveniently arrange to take visitors at their homes will be very gratefully received by the Finance Committee, the members of which are Messrs. W. T. Berry, Ed. Parker and James Childs.

The Women's Committee will meet this afternoon at 4 o'clock at the home of Mrs. M. C. Russell, Chairman. The ladies are working very enthusiastically for the success of the special reception to delegates on Thursday at 5:30 p. m., and will make final arrangements for the same at this meeting.

There was a good attendance and a deep interest manifested at the regular association rally on Sunday afternoon, and it was found desirable to extend the meeting fifteen minutes beyond the closing hour, to give opportunity to all who were ready to make brief remarks.

FATHER AGAINST SONS.

A Suit at Cincinnati in Which the Hamburgers Figure—Profits of the Shoe Business.

[Enquirer.]

Suit was filed in the Common Pleas Court Saturday by Solomon B. Hamburger against Harrig, Israel and Solomon Hamburger, his sons, to compel an accounting for partnership assets.

The wife of the plaintiff and his sons were engaged in the wholesale shoe business, and when the wife died there was an agreement between the defendants and their father that in consideration of his having contributed by his services to the building up of the business, and the fact that he was entitled to a larger interest in his wife's estate, he should assign to them his interest in the income of real estate left by his wife and should leave the business the \$1,800 share in the as-

A Warning to Money- Savers!

Our one-third-off-the-regular price sale will positively close on the 15th of this month. To date this sale has proven the greatest we ever inaugurated. It is true that many of our finest garments were sold at actually less than cost. We have the proud satisfaction of knowing that the public believes in our newspaper statements.

It would be to our interest to stop our one-third-off sale now, as we were relieved of an enormous quantity of merchandise in the past ten days, but we said the sale will continue until the 15th of February, and we always do what we say we will. It will be your loss, not ours, if you do not avail yourself of the opportunity to buy the best of Clothing for less money than you buy the ordinary goods elsewhere.

ELEVATED ROAD

Through the Country For the Use of Cyclists.

[See Francisco Argonaut.]

Bicyclists in Southern California are rejoicing over the fact that in three months there will be completed an elevated bicycle track between Pasadena and Los Angeles. It runs for nine miles through a picturesque and charming country at an average grade of only 1 per cent, the steepest gradient being a thousand-foot stretch which runs as high as 3 per cent. The cycleway is elevated 18 feet above the general level of the country, and in some places is 50 feet above the valleys through which it passes. Electric lights are to be set at intervals of 100 feet throughout the track, which will be nine feet wide, with a three-inch separator in the center, to prevent collisions between cyclists going in opposite ways. The track will accommodate electric vehicles and horseless carriages, as well as bicycles. A toll of five cents each way will be charged for the use of the track, and as there are 25,000 bicyclists in Los Angeles and probably 5,000 more in Pasadena, it is expected to be a paying enterprise.

COMMITTEE'S APPEAL.

Maysville Property Owners Asked to Aid Washington Fire Company—Subscriptions to Date.

The following is self-explanatory:

To the Property Holders and Citizens of Maysville: On Sunday morning, January 30th, the Washington Fire Company lost by fire their home, together with the opera house upon which they depended for their support and upon which our citizens depended for an amusement hall. In the destruction of the building there went up in smoke and flame the hard earnings of the company, covering a period of forty-eight years and amounting to over \$12,000. They are now without shelter and without a single dollar—noting left save their honor. The firemen of our city have always been faithful to duty in saving your property, and upon many occasions have saved our city from total destruction. It is now proposed, and due to them, to rebuild their home, and for this purpose a subscription has been started and a liberal amount secured. Will you be one to assist in this effort by a subscription? Respectfully,

THOMAS A. DAVIS,
ALIX CALHOUN,
J. D. DYE,
WM. H. COX,
HORACE J. COCHRAN.

Every property owner in the city is directly interested in this matter, and a liberal response to this appeal will enable the company to begin the work of rebuilding as soon as spring opens.

If you have not subscribed and desire to do so, send your name either to the BULLETIN or to any of the above committee, stating amount.
